# ABOUT US Bringing Urologists Together

The Société Internationale d'Urologie (SIU) is the only truly international medical society serving urologists, trainees, and affiliated healthcare professionals. Founded in 1907, the SIU now brings together more than 10,320 members from over 129 countries, representing a spectrum of sociopolitical and practice settings in our membership and activities. It is through this diverse representation that the Society is able to provide unique and valuable offerings in education, research, networking, and philanthropy to urologists everywhere.

In the face of increasing digital connectivity, the SIU continues to explore and develop innovative solutions to connect and engage our international community.

#### The SIU connects urologists around the world through its:

- Annual Congress and intuitive virtual congress platform, SIU@U;
- eLearning portal, SIU Academy® an extensive library of educational programmes and a hub for live virtual events;
- Open–access and free academic journal, SIUJ;
- Training scholarships, tailored programming for trainees and young urologists, and collaborative philanthropic activities;
- Research platform, uCARE, powered by a global council.

## **Governance: Board of Directors**

#### **ABOUT US**

### Continent, Country, and Sub-Specialty Report 2022

Members from **129 Countries**Currently, SIU membership stands at **+10,320 members** 

**f** Facebook followers: **5,300** 

Twitter followers: 14,100

#### **Top 10 Countries**

415 Members Mexico 1,636 Members **Portugal United States** 402 Members **Germany** 1,577 Members Indonesia 605 Members 379 Members Australia 496 Members 313 Members China Türkiye 488 Members 302 Members **France** Chile

**Sub-specialties:** These are self-identified specialties and members can select more than one; percentages do not add up to 100%.

# An Invitation

AND EXHIBITION CENTRE – ICEC IN ISTANBUL, TÜRKIYE, FROM OCTOBER 11–14, 2023

43RD ANNUAL CONGRESS AT THE ISTANBUL LUTFI KIRDAR INTERNATIONAL CONVENTION

# SIU 2023 will welcome over **3000 urologists** from around the world to learn, network, and experience leading-edge developments in the field.

In addition, we anticipate over 1,500 urologists and healthcare professionals from across the globe will participate via the SIU's official virtual congress platform, SIU@U. Here we will offer live and on–demand access to key sessions, educational videos, live surgeries, and the fifth edition of our Bench-to-Bedside GU Cancers Triad Meeting, which will be held on October 13.

The scientific programme features world–class scientific content such as live surgery demonstrations on October 12 (back by popular demand!), controversies in urology, training workshops, master classes, master video and interactive sessions, and symposia focusing on innovation and advances in urology.

To our long-standing partners, your support has been invaluable in making the SIU's Annual Congress a meeting that is highly valued by urologists around the world, and we appreciate your ongoing partnership. To our new and prospective partners and exhibitors, we look forward to connecting with you and working

together to make SIU 2023 a positive experience for your organization.

We invite you to browse the wide array of partnership opportunities that can help you connect with our growing community in a way that is tailored to your organizational objectives. We trust that, within this document, you will find everything required to put together a customized presence for your company on this exceptional world stage.

# SUPPORT AN ACCREDITED SYMPOSIUM AT THE SIU'S 43rd ANNUAL CONGRESS

Accredited symposia are an essential part of the SIU's Annual Congress. They offer the expertise and latest research of key opinion leaders to enhance participants' educational experience. At the same time, the SIU provides an opportunity for interaction and feedback among peers.

#### Top reasons to host an accredited symposium:

- Educate an international audience of urologists
- Transfer knowledge from research to practice
- · Highlight thought leaders
- Reach clinical decision-makers

| Luncheon Symposium  | €55,000 |
|---------------------|---------|
| Afternoon Symposium | €40,000 |

#### SYMPOSIUM PACKAGE ELEMENTS:

Topic–exclusive,
75–minute timeslot to
hold a CME–accredited
luncheon symposium

Topic–exclusive, 60–minute timeslot to hold a CME–accredited afternoon symposium

- Live transmission and capture of your symposium on our virtual Congress platform. This allows Congress participants to attend the symposium online if they are not able to be there in person. Following the Congress, your symposium will be hosted on SIU Academy, the SIU's eLearning platform
- A one-page PDF programme outline will be created in conjunction with content development and made available by October 1 as well as placed on the virtual Congress app
- Room rental and setup, including audio-visual equipment
- SIU medical oversight to develop the symposium programme
- Full payment of faculty costs will

- be handled by the SIU
- To ensure all SIU delegates are provided with information regarding all sessions, the SIU will provide online listings in the following: Congress website, broadcast programme, partner activity guide, and Congress mobile app
- Recognition of your Corporate Sponsor or Congress Contributor support on–site, on the Congress website, and on the Congress mobile app
- One complimentary Exhibition Booth of 9 m² (3 m x 3 m), space only; priority selection by Corporate Sponsors and Congress Contributors; space allocated on a first-come, first-served basis

# CONGRESS EDUCATIONAL OPPORTUNITIES ACCREDITED SYMPOSIA cont'd

The SIU surveys its members regularly to assess their educational needs to guide the development of educational sessions, and selection of symposia and studio session topics and titles, and learning objectives, and faculty. Symposia sessions address the perceived and unperceived learning needs of our members. The following educational needs have been identified among SIU members in a recent survey:

| URO-ONCOLOGY   |   |
|--|---|
| Management of Urological<br>Cancers in 2023                                  | Current practices and recent developments in the diagnosis, surgical and systemic treatment, and management of treatment–related adverse events in prostate cancer, bladder cancer, and kidney cancer |
| Immunotherapy in Uro-Oncology  | Biologic basis of cancer immunology, emerging immunotherapies in uro-oncology, and management of immunotherapy-related adverse events   |
| Molecular Genetics of Cancer<br>and Personalized Medicine in<br>Uro–Oncology | Research advances in molecular biology of cancer and the development of novel targeted therapies in uro-oncology  |
| Hot Topics in Uro-Oncology   | Cutting–edge research and emerging trends in the management of genitourinary malignancies, including novel imaging technologies and biomarkers to guide treatment decision–making                     |
| NON-ONCOLOGY   |   |
| Stone Disease and Endourology  | Advances in the pharmacological, surgical, and minimally invasive procedures for the management of urinary stones   |
| Lower Urinary Tract Dysfunction  | Advances in surgical and minimally invasive procedures for managing benign prostatic hyperplasia (BPH)/benign prostatic obstruction (BPO)   |
| Diagnostic Urology   | Advances in imaging, artificial intelligence, and visualization platforms for<br>the diagnosis of urological conditions   |
| Infections and Inflammation  | Trends in the management of urinary tract infections and chronic pelvic pain in 2023  |
| Trauma and Reconstructive Urology  | Perioperative care and surgical treatment of male and female urinary strictures, as well as other injuries/trauma of the genitourinary tract  |
| Reproductive and Sexual Health   | New trends in diagnostic evaluation and medical and surgical management of erectile dysfunction and male infertility in 2023  |

If you would like more information or wish to make a symposium submission, please contact: Lillian Petrusa, Director, Corporate Development, at lillian.petrusa@siu-urology.org by May 15, 2023.

# CONGRESS EDUCATIONAL OPPORTUNITIES TRAINING WORKSHOPS

### TRAINING WORKSHOPS ...... €7,500/course

#### Includes:

- Room rental
- Audiovisual equipment
- Announcement of the session on the Congress website and the Congress mobile app
- Assistance with course promotion, registration, and on-site logistics
- Post-event support with course evaluations, certificates of attendance, and presentations
- 9 m<sup>2</sup> of exhibit space (bare space only)
- Acknowledgement as a Congress Contributor on–site, on the Congress mobile app, on the Congress website (in the Sponsor Acknowledgements tab), and in the Partner Activity Guide

#### Sponsor to provide:

• Staff and equipment as per Programme Chair recommendations

### **WORKSHOPS:**

## PROSTATE MRI READING AND FUSION BIOPSY

This course will take you through an in-depth overview of the basic principles of multiparametric MRI (mpMRI), as well as current applications of MRI-US fusion-guided biopsies. The workshop part of the course will give participants insight into the reading and interpretation of prostate MRI and their application for MR-US fusion.

#### **Learning Objectives:**

At the end of this course, participants should be able to:

- Recall key features of systematic prostate MRI reading according to PI–RADS standards
- Read and report basic and intermediate level prostate MRI with confidence
- Recognize the technical features and capabilities of prostate biopsy and fusion technology using MRI for targeting
- Identify the key requirements to safely integrate MRI into the prostate diagnostic pathway

# CONGRESS EDUCATIONAL OPPORTUNITIES TRAINING WORKSHOPS cont'd

## LASERS AND MISTS IN LUTS/BPH

This course will review novel BPH therapies for office-based treatments of LUTS/BPH, including Aquablation®, HoLEP, Rezūm™, and UroLift®. The hands-on course will provide practical applications of these technologies in terms of equipment, technical approach, and high-level review of clinical data. The faculty will provide first-hand practical instruction on best practices, including patient selection, technique selection, and tips and tricks. The faculty will provide international experience and evidenced-based summaries of the risks and benefits of these procedures to aid with patient counselling for informed consent.

#### **Learning Objectives:**

At the end of this course, participants should be able to:

- Understand the mechanism of action and technique for each BPH therapy
- Select the most appropriate patient for each procedure type, based on patient and prostate characteristics
- Know the clinical data supporting the use of each modality
- Apply the best-practice technique for each modality, based on the literature and expert opinion
- Recognize the challenges associated with each technique and perform appropriate trouble–shooting
- Practice tips and tricks provided by the experts for executing these novel BPH therapies

# BASICS ON ULTRASONOGRAPHY (USG) IN UROLOGY

This course is designed for urologists to acquire an understanding of the basic techniques for performing a USG, become more familiar with the different equipment, and recognize the various applications of USG in urological care. The course includes didact tutorials, equipment demonstrations, and hands—on exercises using phantom models to provide participants with an immersing training experience on the basics of USG for upper renal tract, lower urinary tract, and transrectal evaluation.

#### **Learning Objectives:**

At the end of this course, participants should be able to:

- Operate a USG machine
- Recall the basics of USG imaging for upper and lower urinary tract urological conditions and diseases
- Recognize the technique for transrectal USG and its diagnostic applications
- Detail the steps for performing a transrectal prostate biopsy under guidance
- Recall the basics of USG Doppler

# CONGRESS EDUCATIONAL OPPORTUNITIES TRAINING WORKSHOPS cont'd

# ROBOTICS – TIPS AND TRICKS FOR BEGINNERS

This course is intended for urologists in their first 100 robotic surgery cases using the DaVinci Si and Xi platforms. This course incorporates video, specific case discussions, and diagrams based on experience, and is presented by urologists with more than 1,000 cases.

#### **Learning Objectives:**

At the end of this course, participants should be able to:

#### Identify appropriate cases for:

- Docking and trocar placement in order to avoid collision in difficult anatomy patients
- Selecting to use a 0- or 30-degree lens

#### Demonstrate skills in the following:

- Suturing in a narrow space
- Robotic movements that are uncommon with laparoscopy
- · Optimizing instruments
- Managing difficult anatomy (short, obese, hepatomegaly, big and small prostate, medial lobe, adhesions)

# BASICS IN ENDOUROLOGY (FOR BEGINNERS)

This workshop course will focus on providing the basic training in endourologic instrumentation and technique for beginners. Using a combination of lectures and hands—on skills training, participants will have the opportunity to learn the anatomical principles and essential steps for performing key endourologic procedures: PCNL, and flexible ureteroscopy/RIRS.

#### **Learning Objectives:**

At the end of this session, the participants should be able to:

- Recall the anatomical principles involved in PCNL puncture
- Examine the nuances of dilatation in PCNL
- Detail the basic instrumentation and principles for performing flexible ureteroscopy/RIRS

# LAPAROSCOPIC SKILLS (BOX TRAINER)

This course is intended for the urologist who wants to improve their laparoscopic suture skills. It is entirely based on video and individual practice using a box trainer, with the guidance of an instructor for each workstation.

#### **Learning Objectives:**

At the end of this course, the participant should be able to demonstrate the following skills:

- In 2D vision, coordinating proper needle angle and movement
- Placing the trocars to facilitate the suture
- Suturing in different planes
- Establishing the methodology to suture intracorporeally
- Knotting technique and extracorporeal knotting without pusher

# CONGRESS EDUCATIONAL OPPORTUNITIES ADDITIONAL EDUCATIONAL ACTIVITIES

| SIU 8TH GLOBAL NURSES'    | €20,000 |
|---------------------------|---------|
| EDUCATIONAL SYMPOSIUM     |         |
| SIU INNOVATORS' SYMPOSIUM | €20.000 |

#### Includes:

- Announcement of the session on the Congress website and the Congress mobile app
- 9 m<sup>2</sup> of exhibit space (bare space only)
- Acknowledgement as a Congress Contributor on–site, on the Congress mobile app, on the Congress website (in the Sponsor Acknowledgements tab), and in the Partner Activity Guide

# CONGRESS EDUCATIONAL OPPORTUNITIES LIVE SURGICAL DEMONSTRATIONS

### **THURSDAY, OCTOBER 12**

\*Detailed proposal and budget provided upon request.

The SIU invites your participation in a full day of live surgical demonstrations on Thursday, October 12, 2023, during the 43rd Annual Congress. Chaired by world-renowned faculty, the Live Surgery programme will showcase state of the art technologies and techniques in various urological subspecialities, including endourology, andrology, focal therapy, imaging, uro-oncology, pediatric and reconstructive surgery. The programme will feature procedures performed by international experts and broadcasted live from several operation room (OR) theatres in Türkiye and abroad. The Live Surgery will not only offer the opportunity

for real-time interaction with surgeons during the procedures, but will also allow the audience to gain valuable knowledge on how the experts respond to challenging situations in the OR.

Through a comprehensive programme, the SIU Live Surgery will address the educational needs of urologists worldwide by allowing them to update their understanding of cutting edge surgical techniques grounded in evidence–based medicine that may impact local/regional patterns, with the ultimate goal of improving patient outcomes.

#### **Preliminary Learning Objectives:**

At the end of this course, participants should be able to:

- Recognize important perioperative considerations and techniques for reconstructive urologic surgery, including selecting the best reconstructive approach to optimize treatment outcomes
- Demonstrate practical knowledge of instrumentation and techniques for the endourologic treatment of upper and lower urinary tract conditions, including the management of special clinical cases
- Examine the role of novel imaging and focal therapy approaches in the management of prostate cancer
- Recognize the advantages and limitations of open laparoscopic, and robotic-assisted surgical procedures in uro-oncology, with respect to novel devices, instrumentation, and techniques
- Evaluate their own role in patient management, from multidisciplinary care to treatment outcomes, based on the clinical experience of key opinion leaders in the surgical management of urologic conditions

#### **Live Surgery Committee**

Chair: Jean de la Rosette, Türkiye

#### Members:

Mélanie Aubé-Peterkin, Canada Derya Balbay, Türkiye Mihir Desai, United States Paolo Gontero, Italy Stavros Gravas, Cyprus Sung Kyu Hong, South Korea

#### **Preliminary Programme:**

| SESSION 1<br>Andrology and Endourology          | 7:00–9:30   |
|---|-------------|
| SESSION 2<br>Imaging and Focal Therapy          | 9:30–11:00  |
| SESSION 3<br>Uro-Oncology                       | 11:00–13:00 |
| SESSION 4 Pediatrics and Reconstructive Surgery | 13:00–15:00 |

# CONGRESS EDUCATIONAL OPPORTUNITIES SIU@U STUDIO SESSIONS

### *SIU@U* STUDIO SESSION ...... €17,500

30-minute session

SIU@U Studio Sessions are intended primarily for an online audience. The session will be captured in the SIU's exclusive on–site studio in Istanbul and made available on–demand via the SIU@U platform. The studio accommodates a seating area for approximately 50 people and an online audience of more than 1,500 viewers.

#### **Includes:**

- Studio set-up, audiovisual equipment, and live transmission
- Programme development and oversight by the SIU
- Complimentary registration for up to 3 faculty studio presenters
- Announcement of the session on the Congress website, mobile app, and broadcast programme
- Upload of the session to SIU@U and SIU Academy
- Outcomes report, including the number of participants who viewed the session live and online
- Acknowledgement as a Congress Contributor on the Congress website, the Congress mobile app, and on–site at the Congress

| AVAILABLE TIMESLOTS* FOR ACCREDITED SIU@U STUDIO SESSIONS |                            |         |  |
|---|----------------------------|---------|--|

### **Sponsorship Guidelines**

The following guidelines enhance your participation while maintaining professional impartiality. They take into account existing guidelines of the EFPIA Code of Ethical Practices, the AIFD Code of Good Promotional Practice, and the SIU's own Guidelines for Relationships With Partners of Continuing Professional Development Activities.

Logos, marks, and/or corporate identifiers used for recognizing SIU 2023 sponsors is limited to "corporate" marks; only parent brands will be accepted. No product logos or marks will be used for recognition. Individual advertising and company booth space, as permitted, may use brand names or product names, marks, or identifiers.

SIU 2023 programme agendas and content are determined by the SIU Scientific Programme Committees, independent of influence from previous or prospective sponsors or their agents.

Industry may not organize any functions involving SIU 2023 delegates that will conflict with any educational sessions or social events. Industry promotions should not interfere with the official programme.

The name and/or logo of SIU 2023 may not be used in conjunction with advertising or promotion of any kind without express written consent from the SIU.

Programme presentations of the SIU may not be reproduced in any form without written consent of the SIU.

### Bench-to-Bedside

# FRIDAY, OCTOBER 13 (8:00–17:00)

### **B2B URO-ONCOLOGY: GU CANCERS TRIAD MEETING**

Presenting Sponsor......from €35,000

Contributing Sponsor ...... from €15,000

#### The B2B Uro-Oncology: GU Cancers Triad Meeting,

held in conjunction with the 43rd Congress of the SIU, offers an ideal approach to review current clinical research advancements and their applications in uro-oncology. The 5th edition of the B2B meeting will include a high-profile international faculty of experts in various disciplines, providing the opportunity to foster collaborative discussions across specialties.

In this full-day session, held at the ICEC in Istanbul, our expert faculty from around the world will provide updates on the management of the 3 most prevalent urological cancers (prostate, bladder, and kidney cancers) by emphasizing evolving trends in the early detection of disease, recent results of clinical trials, new therapies, biomarkers, and novel technologies and treatment strategies, including new surgical techniques. The programme will focus on providing insights and sharing knowledge on best practices aimed at guiding treatment decisions, and ultimately improving patient outcomes.

#### **Scientific Programme Committee:**

Peter Black Canada Co-chair

Simon Tanguay Canada Co-chair

Sarah Psutka United States

**Derya Tilki** Germany

#### **Preliminary Programme:**

Welcome and Introductions Sessions:

**Bladder Cancer** 

**Prostate Cancer** 

**Kidney Cancer** 

Five Practice–Changing Advances on the Horizon: Bladder, Prostate, and

**Kidney Cancers** 

**Concluding Remarks**
