Library of Gold Standards Selection Criteria

Renal Cell Carcinoma and Penile Prosthesis Placement

List of Selection Criteria

- ✓ Video submitted describes a gold standard in the management of:
 - **Renal cell carcinoma.** More especially, video submitted *describes the standard steps of a typical laparoscopic radical nephrectomy* or a robotic radical nephrectomy.
 - **Penile prosthesis placement.** Specifically, the video submitted should describe *the standard steps of a typical malleable penile prosthesis* or an inflatable penile prosthesis procedure.
- ✓ Proof that permission was granted to use any patient images, music, or anything else that requires copyrights permission
- ✓ All patient information is removed from the video
- ✓ Make sure that the patient's face is blurred or that there is a black square over the eyes
- ✓ Video length is **between 5 and 8 min**
- ✓ **Video has a comprehensive/creative title**
- ✓ Video does not contain any commercial bias
- ✓ **Mandatory: voice over and subtitles** are clear and easy to understand (in English)
 - Any indications mentioned need to be based on available international guidelines and clinical characteristics
 - It would be important to indicate/narrate the key steps of the procedure
 - The use of pointer animation, arrows, etc. to identify anatomical landmarks is recommended
 - Only generic name of drugs are to be used
- ✓ Author provided outline slides (maximum 4 slides) containing:
 - Author's name, credentials and affiliations
 - Disclosure of any conflicts of interest
 - Case summary (including clear background information about the patient, the technique presented and the challenges you have faced)

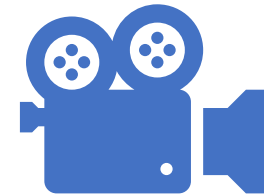

It is the responsibility of the author to ensure that there are no errors in the material submitted and that all outline slides and the video submitted are properly formatted.

Accepted Video Format

Accepted video format (*preferably recorded in HD format*):

- ✓ *MP4 (preferred format), MOV, AVI, MKV*
- ✓ *Minimum resolution of 1280x720 (16:9) or 960x740 (4:3) and 1080 height maximum*
- ✓ *Pixel ratio 1:1*
- ✓ *Compression rate should never be lower than “4000k per second” resolution file*
- ✓ *The video sent must not contain pixels*
- ✓ *The video sent is no longer than 8 minutes*

Video Submission Process

Step 1

Login to the submission platform using your SIU member or SIU Academy credentials and complete your profile:

https://academy.siu-urology.org/siu/multisubmission/technical_videos/add

Step 2

Enter your video title and select the most relevant topic and sub-topic (click on the + icon to open the drop down menu)

Submit/Edit the video informations

Step 3

Accept the policy and provide your publishing authorization

Educational Video Submission - Step 2

Pending authorization approval.

2. I represent and warrant that the Educational Material is original, that I have the right to perform and publish the Educational Material on any electronic media and the rights to permit its use, reproduction, modification, transmission and display by SIU or its Designee, pursuant to the terms of this Publishing Authorization.

3. For good and valuable consideration, the receipt and sufficiency of which I hereby acknowledge, I hereby grant SIU the non-exclusive and worldwide license to publish electronically this Educational Material under the terms and conditions it deems appropriate. I acknowledge that SIU may accomplish the publication of this Educational Material through its Designee performing the services on SIU's behalf. Therefore, I agree that the rights granted hereunder shall extend to its Designee indicated in this Publishing Authorization. The right to publish electronically, as granted by this Publishing Authorization, means and includes, notably, the right to record and reproduce the Educational Material on any electronic medium; to display or to broadcast it in an electronic format; to adapt the Educational Material in order to fit users' equipment and meet any other technical requirements; and to create translations of the Educational Material in transcript, subtitle or annotation form. *[Note: Neither SIU nor its Designee shall have the authority to change the substance of the Educational Material except for technical manipulations required for converting it into electronic format and language changes required for accurately translating the Educational Material into other languages without changing its meaning.]*

Video Submission Process

Step 4

Enter your abstract/outline

Educational Video Submission - Step 3

Please validate the information below before proceeding to the next step.

- Make sure patients appearing in your movie are not recognizable. In case a patient's face is visible, please add a black square over the eyes.
- The movie should be no commercial for companies. You should aim for a company based neutral movie. However, it is ok, if brand names are visible.
- Be sure to obtain the affirmation of the copyright holder whenever you use work of other authors e.g. schematic drawings.
- Submit 2 to 5 keywords with your movie.
- References are highly appreciated (if applicable).

Submit/Edit your Abstract

Submitting an abstract will give viewers an overview of the content about to be presented
