# WELCOME MESSAGE

## Message from the President

Colleagues and friends,

On behalf of the President of the **Indonesian Urological Association (IUA)**, I welcome you to the **44<sup>th</sup> Annual Scientific Meeting of Indonesian Urological Association (ASMIUA)** Congress to be held from **1<sup>st</sup> to 5<sup>th</sup> September 2021**. As concerns increased on the uncertainties and the disruptions caused by the COVID-19 pandemic, the Organizing Committee has decided to convene it in a virtual conference.

I would like to extend my warmest welcome to all national and international speakers and participants, as well as our industry partners in joining us. It is indeed a borderless world where knowledge and expertise is concerned and your participation will not only make this meeting a great success but also more meaningful. I sincerely hope that, all IUA members will continue to contribute and showing support towards our beloved organization by actively participate in this important meeting.

I would like to take this opportunity to thank the gallant organizing committee for making this meeting possible and a pleasurable experience. I wish you all great enjoyment of this meeting and much success with your presentations and future collaborations.

We hope you will enjoy the content of the congress, renew old friendships, make new friends, get new ideas, and above all, have a good time.

I look forward to seeing you at the 44<sup>th</sup> ASMIUA-Virtual Congress 2021!

**Besut Daryanto MD, PhD**  
President of Indonesian Urological Association

## Message from the Chairman

Dear colleagues and friends,

We hope this message reaches you in good health.

The COVID-19 pandemic has been a challenge for almost every aspect of our lives, including the face-to-face congress model. Nothing should stop us from continuous learning and progress especially not the pandemic. To answer this challenge, **The Indonesian Urological Association (IUA)** developed a virtual conference platform including an interactive industry exhibition that comes as close as possible to the experience of a physical congress. We therefore would like to inform you that the **44<sup>th</sup> Annual Scientific Meeting of Indonesian Urological Association (ASMIUA)** will be held from **September 1<sup>st</sup> to 5<sup>th</sup>, 2021**, in virtual format. The chosen theme is **"Urological Science and Services in the Era of Artificial Intelligence"**.

We do hope that in this challenging time, all IUA members will continue to contribute show support towards our beloved organization by actively participate in this important meeting.

The scientific committee is currently finalizing an exciting program that will comprise of Oetama lecture, master classes and main lectures from InaSAU, InaSOU, InaSFFU, InaSTU, InaSE, InaGURS, InaSPU, InaSRU join sessions between national and international urology societies, courses for residents and a special session for the young neurologist. Aside from the scientific program, a memorable IUA Nights will be also held with prestigious award announcements.

In this wonderful opportunity, we would like to also encourage all IAU members and residents to participate in highly regarded scientific competition such as educational video, e-poster and oral free papers. Please submit your abstract(s) and/or video through the congress website **www.asmiua2021.org** which the details of the scientific program will be also available.

Wait no more and register soon through the congress website, together, we will bring success for The 44<sup>th</sup> ASMIUA Congress.

Sincerely regards,

**Taufiq Nur Budaya, MD**  
Congress Chairman

## ABSTRACT GUIDELINES

### Abstract Submission Rules and Regulations

Applied for Oral Free Paper, Poster Free Paper and Video Session.

Special attention to Video Session presenter: you only require to submit the abstract (not the video).

Before submitting the abstract, you are requested to carefully read the rules regarding abstract submission.

- Abstract(s) may not have been published previously at the time of presentation of the ASMIUA congress.
- Any human experimentation that has been conducted with respect to the submitted abstract(s), should have been conducted according to the protocol approved by the institutional or local committee on ethics in human investigation; or, if no such committee exists, the works should have been conducted in accordance with the principles of the Declaration of Helsinki of World Medical Association. Council may enquire further into ethical aspects when evaluating the abstract(s).
- All research involving human and animal subjects require ethical clearance. The IRB number should be declared.
- In clinical studies, the authors must state that an Ethical Committee approval has been obtained.
- Copyright of the abstract(s) is assigned to the Indonesian Urological Association any conflicts with any other scientific association will be the sole responsibility of the author(s).
- All abstracts that are published, including figures and tables, are the property of Indonesian Urological Association and are protected by copyright. Requests for reuse of material can be done through.
- The 44<sup>th</sup> ASMIUA Scientific Committee office reserves the right to obtain your raw data for statistical evaluation.

### Abstract Guidelines

- All abstract(s) must be submitted in English. Applies also for the title, text body and author affiliations
- Only abstract submitted through the website congress or congress email will be considered
- Cancellation or name changes should be notified 1 month prior to the congress by email to [asmiua2021@pharma-pro.com](mailto:asmiua2021@pharma-pro.com)
- Systematic reviews (with or without meta-analysis) can be submitted only when they meet the following standards :
  - The clinical question was clearly defined using a standard PICO (Population, Intervention, Comparison and Outcome) format
  - A comprehensive systematic literature search was carried out
  - An assessment of the risk of bias was made
  - Key findings are clearly described including clinical practice relevance

### Authorship

Each quoted author should have contributed substantially to the represented work in terms of conceptual design or analysis writing of article and final approval of the article in order to take public responsibility for the content.

### Size

The size of abstracts not more than 300 words and limited to 3,000 characters (including title, body of abstract, spaces tables and graphics). Every picture / graphic count for 500 characters.

### Title

The title should clearly define the topic. Do not identify your institution in the title. There is no maximum length for the title. However, the characters in the title are included in your total character count. The first letter of the title will automatically begin with a capital letter. Do type the abstract and title in small letters, except for abbreviations. Do not type the abstract title in capital letters.

## ABSTRACT GUIDELINES

### Authors

Type full family name and first name of all authors, only omitting any titles, degrees and institutional affiliations. It is advisable to check the correct spelling of the family name and initials with each author. Please check that for authors from the same institution, the name of institution is written in the exact same way to avoid the creation of extra affiliations, which are in fact identical.

### Affiliation

Type the name of the institution, department, city and country in English.

### Body of the abstract

The following headings have already been formatted for you and should not be entered in the text fields again:

- Introduction & objectives
- Materials & methods
- Results
- Conclusion

State the objective of the study, describe the material and methods, summarize the results presenting sufficient details to support of the conclusions reached (not acceptable to state: "The results will be discussed"). Use number for numbers and only very well-known abbreviations e.g. kg, MRI etc. If you must use other abbreviations, you must explain it the first time it appears. You can use the special keys to insert tables, pictures or specific characters.

### Proof reading

Verify that your abstract is correct and read the proof carefully that will be automatically shown after you have inserted all data. Keep a printout for your own records.

### Editing

Abstract bodies will be published as submitted, except for a simple English spelling check. After submission deadline there is no possibility to edit the abstract anymore.

### Submission deadline

Deadline for abstract submission is **July 15<sup>th</sup>, 2021 at 2PM local time.**

In case you want to withdraw your abstract after submission, please send an email before August 1<sup>st</sup> 2021 to [asmiua2021@pharma-pro.com](mailto:asmiua2021@pharma-pro.com)

### Submission

Submit your abstract through congress website [www.asmiu2021.org](http://www.asmiu2021.org) or via congress email [asmiua2021@pharma-pro.com](mailto:asmiua2021@pharma-pro.com) before the deadline.

### Presentation

The scientific committee will give the final decision on the presentation format for each accepted abstract. However, presenters are welcome to inform the committee the preference of the presentation format. Please note down at the top of your abstract ONE of the following preferences: ORAL PRESENTATION / POSTER PRESENTATION / VIDEO SESSION.

The final presentation format and schedule be informed by email to each author at the latest by August 1<sup>st</sup>, 2021. *The presentation schedule will be only provided for those presenters that have paid the registration fee.*
