Unmoderated ePosters

Unmoderated ePosters will be available for viewing on touch screen stations on the ePoster wall in the Exhibit Hall during congress hours, Friday through Sunday.

UP.001
The Association between Androgenic Hormone Levels and the Risk of Developing Coronary Artery Disease (CAD)
Gholamreza Pourmand, Iran

UP.002
Risk Factors of Severe Peritoneal Sclerosis in Chronic Peritoneal Dialysis Patients
Gholamreza Pourmand, Iran

UP.003
Growth Kinetics of Small Renal Mass: Initial Analysis of Korean Active Surveillance Registry
Sung-Woo Park, South Korea

UP.004
Usefulness of a Deep Suturing Instrument (Manicepstm) at the Time of Peritoneal Dialysis Catheter Placement Surgery
Daisuke Yamada, Japan

UP.005
Impact of Stone Clearance and Body Mass Index in Patients Undergoing Percutaneous Nephrolithotomy Using Asian Body Mass Index
Faisal Liaquat, Pakistan

UP.006
Is Laparoscopic Adrenalectomy by Lateral Retroperitoneal Approach Safe and Feasible Treatment Option for Pheochromocytoma Larger than 6cm?
Ho Seok Chung, South Korea

UP.007
Rationalising Follow Up for Bosniak IIF Cysts: A Multicentre Study
Sotonye Tolofari, United Kingdom

UP.008
Laparoscopic Adrenalectomy: Posterior Retroperitoneoscopic or Transperitoneal Approach?
José Ignacio Nolazco, Argentina
UP.009
Bilateral Laparoscopic Adrenalectomy Of Salvataje In Cushing Syndrome Refractory To Medical Treatment
José Ignacio Nolazo, Argentina

UP.010
Contemporary Surgical Management of Renal Oncocytomas in the UK: BAUS National Audit Data from 2013 to 2015
Joana B Neves, United Kingdom

UP.011
Enhanced Recovery for Renal Surgery - Can Length of Stay Be Further Influenced by Different Anaesthetic Regimes?
Kaylie Hughes, United Kingdom

UP.012
Emergency Retrograde Ureteric Stent Insertion: An Evaluation of Current Practice and Factors Affecting Treatment Delays
Kaylie Hughes, United Kingdom

UP.013
Laparoscopic Adrenalectomy: Transperitoneal or Retroperitoneal Approach?
Sami Ben Rhouma, Tunisia

UP.014
Renal Transplant Survey
Jonathan Wicht, South Africa

UP.015
Current Diagnostic Accuracy of Conventional Computed Tomography Scan in Surgically Removed Benign Renal Tumors
Toshitaka Shin, Japan

UP.016
Can the Possible Renoprotective Effect of Remote Ischemic Preconditioning Enable Safe Prolongation of the Warm-Ischemia Time During Partial Nephrectomy? Initial Results of an Animal Study
Tuna Mut, Turkey

UP.017
Carcinoma of the Collecting Ducts of Bellini - Clinicopathological Features
Hugo Antunes, Portugal

UP.018
Ectopic Adrenals with Testicular and Para-Testicular Location: About 19 Cases
Nouri Rebai, Tunisia
UP.019
Comparison of Diagnostic Yield and Accuracy of Optical Coherence Tomography and Conventional Renal Mass Biopsy for the Diagnosis of Renal Cell Carcinoma
Mara Buijs, The Netherlands

UP.020
Early Imaging in the Follow-Up After Irreversible Electroporation for the Treatment of Kidney Tumours
Mara Buijs, The Netherlands

UP.021
Usefulness of Laparoscopic Partial Adrenalectomy: Single Surgeon Experience
Jai Seung Cha, South Korea

UP.022
Association between Irritable Bowel Syndrome and Overactive Bladder: Research Survey
Hyung-Jee Kim, South Korea

UP.023
Ambulatory Voiding in the Elderly Based on Functional Assessment by the Expert Team During Hospital Care
Hirokazu Takeda, Japan

UP.024
The Diagnostic Yield of Flexible Cystoscopy in Patients Under 40 Years
Aziz Gulamhusein, United Kingdom

UP.025
Efficiency of Combined Using of Extracorporeal Shock Wave Therapy and Phytotherapy in Prostatolithiasis
Ekaterina Kulchavenya, Russia

UP.026
A Multicenter, Observational, Open-Label 4 Week Study of Efficacy and Patient’s Satisfaction of Tamsulosin Monotherapy vs Tamsulosin With Solifenacin in Men with Lower Urinary Tract Symptoms (LUTS) Related to Benign Prostatic Hyperplasia (BPH)
Duk Yoon Kim, South Korea

UP.027
Role if Urinary Cytology In the Evaluation of Storage Symptoms in Women
Bárbara Padilla-Fernández, Spain

UP.028
Efficacy and Safety of Onabotulinumtoxina in Patients with Overactive Bladder According to Site of Injection: A Systematic Review and Meta-Analysis
Hae Young Park, South Korea
UP.029
Effects of Highly Concentrated Hyaluronic Acid and Chondroitin Sulphate on Ureteral Stent Discomfort after Ureteroscopic Lithotripsy: A Multicenter, Single Blinded, Randomized Controlled Study
Hae Young Park, South Korea

UP.030
Emerging Roles of Hypoxia-Induced Angiopoietin-Like Protein 4 In Human Prostate Cancer
Shinro Hata, Japan

UP.031
Estrogen Receptor Beta Modulates Androgen Receptor-Driven Prostate Carcinogenesis and May Present a Therapeutic Target
Adam Nelson, United Kingdom

UP.032
Is Thiol/Disulphide Homeostasis Important in Prostate Cancer Diagnosis?
Altug Tuncel, Turkey

UP.033
Improvement of Damaged Cavernosa followed by Neuron-like Differentiation at Injured Nerves after Transplantation of Stem Cells Cultivated on the Nanofiber in Rrats with Cavernous Nerve Injury
Yun Seob Song, South Korea

UP.034
Electrospun PLLA Nanofiber Scaffolds for Bladder Smooth Muscle Reconstruction
Gholamreza Pourmand, Iran

UP.035
Effects of Castration and Testosterone Replacement in Plasmatic and Prostatic Serotonin
Paulo Mota, Portugal

UP.036
Impact of Thyroid Hormones on Serum Prostate Specific Antigen Level in Patients with Benign Thyroid Disorders
Altug Tuncel, Turkey

UP.037
EphrinB1 Up-Regulated by Slug Promotes Migratory and Invasive Behavior in Chronic Hypoxia LnCap Human Prostate Cancer Cells
Kazunori Iwasaki, Japan

UP.038
Urinary NGF in OAB after Anticholinergics Treatment
Bong Suk Shim, South Korea

UP.039
Induction of Akt in Urinary Exosome by Bacterial Infection
Kosuke Mizutani, Japan
UP.040
Bioengineering Smooth Muscle Cell Sheets for the Treatment of Hypoactive Bladder Dysfunction
Hazem Orabi, India

UP.041
Development of a Tubular Construct for Urethral Reconstruction Using a 3D Printing Approach
Moustafa Elsawy, United Kingdom

UP.042
In Vitro Fabrication of a Biomimetic Tube Model for Urinary Diversion Using a Synthetic Polymer and Autologous Cells
Moustafa Elsawy, United Kingdom

UP.043
Development of a Wearable Assistive Device for Bladder Monitoring Using NIRS and Ultrasound Technology
Jhih Cheng Wang, Taiwan

UP.044
Quercetin as a New Regulator of the Potassium Channels in an Overactive Bladder
Oleksandr Iatsyna, Ukraine

UP.045
Distribution of the Detrusor Muscle and Interstitial Cells in a New Rat Model of Overactive Bladder
Oleksandr Iatsyna, Ukraine

UP.046
Modulation of Connexin 43 Expression by Histone Acetylation Dependent Mechanisms in Human Bladder Smooth Muscle Cells
Jun Hyun Han, South Korea

UP.048
The Rhesus Monkey (Macaca Mulatta) Penis as an Experimental Model for Sexual Medicine Studies
Carla Gallo, Brazil

UP.049
Acellular Urethral Scaffold: Tissue Integration and Cryopreservation Effects
Javier Belinky, Argentina

UP.050
Quantitative and Qualitative Analyses of Stromal and Acinar Components of Prostate Zones
Francisco Sampaio, Brazil

UP.051
Expression of Cannabinoid 1 (CB1) and Cannabinoid 2 (CB2) Receptors and Effects of CB1/CB2 Receptor Agonists on Detrusor Overactivity Associated with Bladder Outlet Obstruction in Rats
Sung Dae Kim, South Korea
UP.052
Different Energies, Different Results? The Balance between Efficacy and Safety: A Study in Porcine Ex-Vivo Models
Nuno Morais, Portugal

UP.053
The Synergic Effect of Metformin and Everolimus in Renal Cell Carcinoma
Young Eun Yoon, South Korea

UP.054
Chemokine Receptors CXCR4 and CXCR7 are Associated with Tumor Aggressiveness and Prognosis in Extramammary Paget Disease
Chengyuan Gu, China

UP.055
Plasma Homocysteine Levels after Extracorporeal Shock Wave Lithotripsy in Patients Treated for Renal Stone Disease. Comparison of Two Different Shockwaves Rates: Single Centre Study
Aisha Hasan, Pakistan

UP.056
Hypoxic Preconditioned Human Bone Marrow: Derived Mesenchymal Stromal Cell Therapy in a Rat Model of Renal Ischemia-Reperfusion Injury
Sang Hyun Park, South Korea

UP.057
Reproductive and Developmental Toxicity Evaluation following Intracavenous Injections of Human Bone Marrow-Derived Mesenchymal Stem Cells in Rats
Myungchan Park, South Korea

UP.058
Second Look Transurethral Resection of Bladder Tumor: Is It Necessary in All T1 and/or High Grade Tumors?
Mohsen Ayati, Iran

UP.059
Overexpression of Epidermal Growth Factor Receptor Predicts Bladder Cancer Local Aggressiveness
Walid Kerkeni, Tunisia

UP.060
Relation of ALDH1a and CD44 with Clinicopathological Factors in Transitional and Squamous Cell Carcinomas of Urinary Bladder
Fouad Zanaty, Egypt

UP.061
En-Bloc Transurethral Resection of Nonmuscle Invasive Bladder Cancer: Pathological Effectiveness
Kagenori Ito, Japan
UP.062
Dynamic Real-Time Microscopy of Bladder Neoplasms Using Confocal Laser Endomicroscopy
Yiping Zhu, China

UP.063
Results of Repeat Transurethral Resection of Bladder Tumor (TURBT) by Institution Performing the Initial TURBT: Comparative Analyses between Referred and Non-Referred Group
Min Young Yoon, South Korea

UP.064
Factors Predicting Concomitant Carcinoma in Situ in Patients withInitially Diagnosed Non-Muscle-Invasive Bladder Cancer
Koji Iinuma, Japan

UP.065
Red Patches Seen during Endoscopic Surveillance of Bladder Cancer – When Should we Biopsy?
Nkwam Nkwam, United Kingdom

UP.066
Trend and Features of Bladder Cancer in Iran during 2008-2010
Abbas Basiri, Iran

UP.067
Red Patches in The Bladder – Can We Reduce the Number of Biopsies?
Seshi Middela, United Kingdom

UP.068
Predicting Tumour Recurrence in Patients Treated with Bacillus Calmette-Guérin
Esmée Liem, The Netherlands

UP.069
Prognostic Value of Ki-67 Proliferative Index in Diagnosis and Follow Up for Non-muscle-invasive Bladder Cancer in Patients with and without Bilharziasis
Hosni Salem, Egypt

UP.070
Predictors of Bladder Cancer Following Haematuria
Marlon Perera, Australia

UP.071
Identification of Factors Associated with Delayed Haematuria Assessment
Marlon Perera, Australia

UP.072
MMP-2 and MMP-9 as Prognostic Markers for Early Detection of Urinary Bladder Cancer
Hosni Salem, Egypt
UP.073
Results of Organ-Sparring Treatment of Muscle-Invasive Bladder Cancer
Vladimir Startsev, Russia

UP.074
C1orf198 May Serve as an Independent Predictor of Metastasis in Patients with Muscle-Invasive Bladder Cancer
Yijun Shen, China

UP.075
Cancer and All-Cause Mortality in Bladder Cancer Patients Undergoing Radical Cystectomy: Development and Validation of a Nomogram for Treatment Decision-Making
Christopher Kosarek, United States

UP.076
Use of Concurrent Chemotherapy with Radiation Therapy for Bladder Cancer in the United States: A Quality of Care Comparative Effectiveness Study
Christopher Kosarek, United States

UP.077
The Effects of Pelvic Dimensions on Postoperative of Radical Cystoprostatectomy and Ileal Orthotopic Neobladder Reconstruction
Cüneyd Sevinc, Turkey

UP.078
Adjuvant Chemotherapy for Node Positive Disease after Radical Cystectomy: Impact on Cancer Specific Survival (CSS)
Mohamed Soltan, Egypt

UP.079
Accuracy and Prognostic Value of Variant Histology and Lymphovascular Invasion at Transurethral Resection of Bladder
Mohammad Abufaraj, Austria

UP.080
Single Stoma Tubeless Cutaneous Ureterostomy: A New Approach to an Old Operation
Arman Tsaturyan, Armenia

UP.081
Clinical Outcome of Primary Small Cell Carcinoma of the Urinary Bladder in Japanese Patients
Kimito Osaka, Japan

UP.082
Feasibility of Laparoscopic Radical Cystectomy in Elderly versus Younger Patients: A Comparative Analysis of Perioperative/Oncological Outcomes
Yutaka Yanagihara, Japan
UP.083
External Validation of the Nomogram for Predicting 90-Day Mortality Following Radical Cystectomy in Japanese Patients
Takahiro Osawa, Japan

UP.084
Clinical Outcomes of Transperitoneal Ureterocutaneostomy Using Sigmoid Mesentery
Maksym Pikul, Ukraine

UP.085
A Modified Orthotopic Neobladder Reconstruction after Radical Cystectomy: Technical Point and Intermediate-Term Outcome
Shahryar Zeighami, Iran

UP.086
Oncological Outcomes and Survival in Pt0/Pt1/Pta Tumors after Radical Cystectomy due to Urothelial Carcinoma of the Bladder
Sami Ben Rhouma, Tunisia

UP.087
Predictive Role of Epithelial Tumor Marker Level Elevation at Follow-Up for Tumor Recurrence and Oncological Outcomes in Urothelial Bladder Cancer
Sia Daneshmand, United States

UP.088
Early Outcome of Post Radical Urologic Pelvic Surgery-Patients Admitted to Intensive Care Unit (ICU) in Perioperative Period
Hosni Salem, Egypt

UP.089
Factors that Predict Neutropenia in Korean Patients with Advanced Urothelial Cancer
Seung Chol Park, South Korea

UP.090
Identification and Validation of C1orf198 as an Independent Marker of Bladder Cancer Metastasis in SEER and TCGA Database
Yiping Zhu, China

UP.091
Discerning Predictors for Gender Differences in Survival Outcomes for Patients Treated for Bladder Cancer
Christopher Kosarek, United States

UP.092
Pathology in Repeated Transurethral Resection of a Bladder Tumor as a Risk Factor for Prognosis of High-Risk Non-Muscle-Invasive Bladder Cancer
Jae Seung Paick, South Korea
UP.093
Prognostic Value of Initial Neutrophil Lymphocyte Ratio in Muscle Invasive Bladder Cancer Patients
Poppy Desra Syahfitri Nasution, Indonesia

UP.094
Orthotopic Neobladder Constructed of Shorter Ileal Segment - "Belgrade Pouch"
Vladimir Bancevic, Serbia

UP.095
Outcomes of Pathological T0 Disease Following Radical Cystectomy for Urothelial Cell Carcinoma
Karl H. Pang, United Kingdom

UP.096
Do Power Settings Affect the Rate of Diathermy Artefacts in Monopolar TURBT?
Niyukta Thakare, United Kingdom

UP.097
Evaluation of the Dwell-Time Difference in Intravesical Bacillus Calmette-Guérin Therapy
Takehiko Okamura, Japan

UP.098
Prior Tuberculosis Infection Does Not Affect the Efficacy or Major Adverse Effects of Intravesical Bacillus Calmette-Guerin Treatment for Urothelial Carcinoma of the Urinary Bladder: A Nationwide Population-Based Study
Weiming Cheng, Taiwan

UP.099
Clinical Outcomes of Low-Dose and Reduced Dwell-Time Bacillus Calmette-Guérin Induction Therapy in Non-Muscle Invasive Bladder Cancer
Hiroyuki Iio, Japan

UP.100
Second Transurethral Resection for T1 Bladder Cancer: Is It Necessary?
Ikko Tomisaki, Japan

UP.101
Non-Muscle Invasive Bladder Carcinoma: New Prognostic Factors Based on Real-World Clinical Practice
Amine Lakmichi, Morocco

UP.102
Interferon Alfa2b Induction Usefulness in Non-Muscle-Invasive Bladder Cancer Compared to BCG
Eduardo Albers Acosta, Spain

UP.103
Adherence and Tolerability of Intravesical Immunotherapy with Bacille Calmette-Guérin in Non-Muscle Invasive Bladder Cancer: A Retrospective Analysis of the Last 5 Years in a Tertiary Center
Daniel Costa, Portugal
UP.104
Weka Decision Trees in Predicting Recurrence and Progression of Non-Muscle-Invasive Bladder Cancer Treated by Endoscopic Resection and Maintenance Bacillus Calmette-Guérin: Multicentric Analysis of 728 Patients
Sataa Sallami, Tunisia

UP.105
En-Bloc Resection for Primary Non-Muscle Invasive Bladder Cancer: Our Initial Experience
Esmée Liem, The Netherlands

UP.106
Oncologic Results of Simultaneous Bladder Tumor and Prostate Endoscopic Resection
Sami Ben Rhouma, Tunisia

UP.107
The Global BCG Shortage on Treatment Patterns in Australia: Population-Based Data
Marlon Perera, Australia

UP.108
Predictive Factors of Recurrence and Progression in Patients with Non-Muscle-Invasive Bladder Cancer Treated with BCG
Sónia Ramos, Portugal

UP.109
The Expression of ARID1B Is Prognostic and Predictive for Postoperative Adjuvant Chemotherapy Benefit in Patients with Muscle-Invasive Bladder Cancer Treated by Radical Cystectomy
Yijun Shen, China

UP.110
Clinical Significance of Gamma-Klotho in Urothelial Carcinoma of the Bladder
Shunta Hori, Japan

UP.111
Expression of MDM2 Mrna, MDM2, P53 and P16 Proteins in Urinary Bladder Cancer
Mohamad Hussein Badawy, Egypt

UP.112
Expression Epithelial Growth Factor Receptor (EGFR) & CD44 in Urinary Bladder Cancer
Mohamad Hussein Badawy, Egypt

UP.113
Role of Slug, Snail, Twist and E-Cadherin in the Epithelial-Mesenchymal Transition in Bilharzial Associated and Non Associated Bladder Cancer
Mohamad Hussein Badawy, Egypt
UP.114
Development and External Validation of a Novel 12-Gene Signature on Muscle-Invasive Bladder Cancer for Prediction of Overall Survival: Linkage to Data from the Cancer Genome Atlas
Chengyuan Gu, China

UP.115
Daanesh Hassanbhai, Singapore

UP.116
Initial Experience of Transurethral Resection of Bladder Tumor under Narrow-Band Imaging: Prospective, Randomized Comparison with White-Light Cystoscopy
Seok Ho Kang, South Korea

UP.117
Carcinoma in Situ Bladder Cancer: Long Term Follow Up
Stalin Fabricio Morales Pinto, Spain

UP.118
Patterns of Use and Outcomes of Intravesical Bacillus Calmette-Guerin for Non-Muscle Invasive Bladder Cancer: A Retrospective Cohort Study
Dora Huang, Australia

UP.119
Bacillus Calmette-Guerin Worldwide Shortage – Impact on Outcomes and Management of Non-Muscle Invasive Bladder Cancer
Dora Huang, Australia

UP.120
Polymorphisms in SRD5A1 and SRD5A2 Genes do not Affect Prostatic Enlargement in Korean Population
Hyung-Lae Lee, South Korea

UP.121
Simple Prostatectomy for Giant Benign Prostatic Hyperplasia in Sub-Saharan Africa: Case Series and Literature Review
Martin Igbokwe, Nigeria

UP.122
Improvement of Persistent Detrusor Overactivity Treated by Plant Combination
Su Jin Kim, South Korea

UP.123
Bladder Wall Thickness and Detrusor Wall Thickness Can Help Predicting the Bladder Outlet Obstruction in Men over the Age of 70 Years with Symptomatic Benign Prostatic Hyperplasia
Min Hyun Cho, South Korea
UP.124
Correlation of Prostatic Urethral Length with the Severity of Urinary Symptom and Peak Flow Rate in Men with Benign Prostatic Hyperplasia
Jae Shin Park, South Korea

UP.125
PVR Over 250 ml – What To Do?
Cristian Persu, Romania

UP.126
Breaking Down the Enigma of Postmicturition Dribble - A Literature Review and Management Algorithm
Priya Agarwal, United Kingdom

UP.127
Current Status and Factors Associated with Persistent Medication after Holmium Laser Enucleation of Prostate in Patients with Benign Prostatic Hyperplasia
Joon Chul Kim, South Korea

UP.128
Characteristics of Patients with Persistent Lower Urinary Tract Symptoms after Holep in BPH
Kang Sup Kim, South Korea

UP.129
Rapid versus Gradual Bladder Decompression in Patients with Acute Urinary Retention
José Ignacio Nolazco, Argentina

UP.130
Is Irrigation Necessary after Monopolar Turp? Our 11 Years Experience
Krishna Prasad Thyagaraj, India

UP.131
Short Term Comparison between Bipolar and Monopolar Transurethral Resection of Prostate in Suez Canal University Hospital and Damietta Specialized Hospital
Osman Abdelkader, Egypt

UP.132
Efficacy of Oral Antimuscarinics in the Prevention of Urinary Incontinence and Storage Symptoms Following Photoselective Vaporisation of the Prostate with 180w Xps Greenlight Laser
David Alejandro Martín-Way, Spain

UP.133
Photoselective Vaporization of the Prostate Using Greenlight Xps Laser: Analysys of Outcomes and Complications
David Alejandro Martín-Way, Spain

UP.134
The Effect of Age on the Outcome of Transurethral Resection of Prostate
Chi-Hang Yee, Hong Kong
UP.136  
We Recommend a Use of Photoselective Vaporization of the Prostate with 180W XPS Greenlight Laser as the Treatment of Benign Prostatic Hyperplasia at High Risk Patients on Oral Anticoagulants  
Sung Dae Kim, South Korea

UP.137  
Outcome of 980-Nm Diode Laser Vaporization for Benign Prostatic Hyperplasia: A Prospective Study  
Muhammad Hammad Ali Mithani, Pakistan

UP.138  
Photoselective Vaporization of the Prostate as Treatment Option for Benign Prostatic Obstruction  
M.A. Soebadi, Indonesia

UP.139  
Relationship between Secondary Diagnoses and Clinical Results after Male Re-Adjustable Sling Implantation for Post-Prostatectomy Incontinence  
Bárbara Padilla-Fernández, Spain

UP.140  
Efficacy and Safety of Tadalafil Daily in the Treatment of Lower Urinary Tract Symptoms Associated with Benign Prostatic Hyperplasia in Men Aged ≥75 Years  
Hirokazu Takeda, Japan

UP.141  
Clinical Factors Influencing Postoperative Urinary Retention after Lower Limb Arthroplasty  
Yong Seong Lee, South Korea

UP.142  
The Effects of Enhanced External Counter-Pulsation (EECP) Device on Urinary Symptoms and Sexual Function of Patients with Benign Prostatic Hyperplasia: A Pilot Study  
Navid Masoumi, Iran

UP.143  
Efficacy of Tadalafil in Treating Urinary Symptoms in Patients with Varying Severity of Atherosclerosis  
Mohammad Soleimani, Iran

UP.144  
Efficacy and Safety of Silodosin in the Treatment of Lower Urinary Tract Symptom in Elderly Men Taking Anti-Hypertensive Medications  
Jeong Woo Lee, South Korea

UP.145  
The Predictive Factors for Efficacy of Initial Combination Therapy of Alpha Blocker Plus Anticholinergic Agent in Men with Benign Prostatic Hyperplasia and Overactive Bladder  
Kwang Woo Lee, South Korea
UP.146
Evaluation of Efficacy of Silodosin in Lower Urinary Tract Symptoms Due to Benign Prostatic Hyperplasia in Non-Responder to First Alpha-Blocker Treatment: About 34 Patients
Sataa Sallami, Tunisia

UP.147
The Effects of Flexible-Dose Tamsulosin on Lower Urinary Tract Symptoms and Treatment Satisfaction in Patients with Benign Prostatic Hyperplasia: 12-Week, Open-Label, Observational Study
Sun Wook Kim, South Korea

UP.148
Is Chronic Prostatitis Really Common Disease?
Ekaterina Kulchavenya, Russia

UP.149
The Influence of Positioning in Urination
Ekaterina Kulchavenya, Russia

UP.150
Post-Void Residual Urine Volume before Discontinuation of Dutasteride May Be a Predictive Factor for Restarting Medication
Hiroshi Masuda, Japan

UP.151
Feasibility Study of a Trial of a Web-Based Self-Management Program for Lower Urinary Tract Symptoms (LUTS)
Steven Jacobsen, United States

UP.152
Comparison of Uroflowmetric Parameters Depending on Voiding Position
Ekaterina Kulchavenya, Russia

UP.153
Comparison of the Effect of Naptopidil and Tamsulosin on the Bladder Storage Symptom with Benign Prostatic Hyperplasia: Prospective, Multi-Institutional Study
Gun Nam Kim, South Korea

UP.154
Fascia Lata Harvest Site Morbidity in Pelvic Organ Prolapse Surgery
Amanda Chung, Australia

UP.155
Results of Efficiency and Safety in Repairing Previous Prolapse through the Surelift® System: Five Years Results
Alejandro Sousa-Escandón, Spain
UP.156
Pregnancy on Obstetrical Vesico-Vaginal Fistula in Oasis Center, University Hospital of Point G / Bamako:
About 6 Cases
Idrissa Sissoko, France

UP.157
Change in the Aetiological Pattern of Female Urogenital Fistula in Bangladesh
Sirajul Islam, Bangladesh

UP.158
Prognostic Role of Inflammatory Disorders in the Success after Pelvic Floor Surgery
Bárbara Padilla-Fernández, Spain

UP.159
Alternative Therapy for Acute Uncomplicated Cystitis in Women
Ekaterina Kulchavenya, Russia

UP.160
Sexual Debut as a Base for Sexual Life
Ekaterina Kulchavenya, Russia

UP.161
Oral Contraceptives Instead of Condoms Reduce Cystitis Relapse
Ekaterina Kulchavenya, Russia

UP.162
The History of Peyronie’s Disease: A Misspelt Disease of a Misshapen Organ
Nick Simson, United Kingdom

UP.163
History of the Foundation of the Devine Jordan Center for Reconstructive Surgery and Pelvic Health:
Lessons Learnt
Amanda Chung, Australia

UP.164
Frederick Foley and the Humble Catheter: An Innovation that Has Stood the Test of Time - From Antiquity to the Development of the Foley Catheter
Mahua Sahu, United Kingdom

UP.165
Hippocrates Is an 'Icon' Of Medicine; Is this Still Relevant to Urologists Today?
Sophie Rintoul-Hoad, United Kingdom

UP.166
Gleason Grading System in Prostate Cancer - Evolving or Evolved?
Ananda Kumar Dhanasekaran, United Kingdom
UP.167
5000 Years of Stones - What Have We Learnt?
Thomas Stonier, United Kingdom

UP.168
Sonourethrography in the Evaluation of the Male Urethra for Assessment of Urethral Stricture: Single Institution Study
Arun Panackal, Oman

UP.169
Correlation between Multiparametric MRI (PI-RADS V2) and the New Prostate Cancer (Pca) Grading System of Pathological Specimen in Robotic-Assisted Laparoscopic Radical Prostatectomy (RALP)
Antonio Guijarro Espadas, Spain

UP.170
Risk-Stratified Pre-Biopsy mpMRI: A Realistic and Sustainable Approach?
Thomas Brophy, United Kingdom

UP.171
The Significance of Bladder Filling during Computerized Tomography in the Diagnosis of Bladder Rupture
Tae Hee Oh, South Korea

UP.172
Testicular Rupture or Testicular Fracture? Defining a Diagnosis and Management Pathway
Sylvia Yan, United Kingdom

UP.173
Syringoceles of Cowper’s Ducts and Glands in Adult Men – An Uncommon Pathology with Potentially Serious Consequences
Simon Bugeja, United Kingdom

UP.174
One Stop Haematuria Clinic – How do we Assess?
Shanmugasigamani Kannan, United Kingdom

UP.175
Magnetic Resonance Imaging (MRI) in Pelvic Fracture Urethral Injuries to Evaluate Urethral Gap: A New Point of Technique
Pankaj Joshi, India

UP.176
Benefit of Patient-Based Virtual and Mixed Reality (VR and MR) for Image Guided Urological Surgical Navigation
Yoshiyuki Shiga, Japan
UP.177
Is a Contemporary Management Algorithm Possible for Atypical Small Acinar Proliferation and High Grade Prostatic Intraepithelial Neoplasia in the Era of The Multi-Parametric MRI?
Todd G Manning, Australia

UP.178
3D Reconstructed Anatomical Images in Guiding Robotic Surgery: A New Dimension
Daniel Christidis, Australia

UP.179
One to One Correlation of Needle-Based Optical Coherence Tomography with Histopathology: A Qualitative and Quantitative Analysis in 20 Prostatectomy Specimens
Abel Swaan, The Netherlands

UP.180
Online Urology Tele-Conferencing of Radiologic and Endoscopic Images Transmitted by Smartphones Using Viber Messaging
Ernesto III Arada, Philippines

UP.181
Prostate Cancer Heterogeneity: Texture Analysis of Multiple mpMRI Sequences for Detection and Stratification at Time of Biopsy
Clement Orczyk, United Kingdom

UP.182
A Weight on Your Shoulders - An Audit of Lead Gown Weights
Claire Pascoe, Australia

UP.183
Extracorporeal Shock Wave Therapy as a Diagnostic Method for Latent Chronic Prostatitis
Ekaterina Kulchavenya, Russia

UP.184
The Microbial Spectrum in Hospitalized UTI Patients in Two Siberian Clinics
Ekaterina Kulchavenya, Russia

UP.185
Clinical Features and Masks of Kidney Tuberculosis
Ekaterina Kulchavenya, Russia

UP.186
Are Statistical Reports on Extrapulmonary Tuberculosis Correct?
Ekaterina Kulchavenya, Russia

UP.187
M. Tuberculosis and M. Bovis as a Cause for Shrinking Bladder
Ekaterina Kulchavenya, Russia
UP.188
Safety and Efficacy of Different Methods of an Introduction of Anti-TB Drug for Prostate TB Patients
Ekaterina Kulchavenya, Russia

UP.189
Clinical Efficacy of Roxithromycin in Patients with Chronic Abacterial Prostatitis in Comparison with Ofloxacin
Ekaterina Kulchavenya, Russia

UP.190
Current Masks of Kidney Tuberculosis
Ekaterina Kulchavenya, Russia

UP.191
The Use of Tadalafil in Patients with Chronic Prostatitis/Chronic Pelvic Pain Syndrome
Hirokazu Takeda, Japan

UP.192
The Potential Impact of UTI Template-Guided Triage Decisions for Patients with Urinary Tract Infections
Hirokazu Takeda, Japan

UP.193
Emphysematous Cystitis: Aggressive vs Conservative Novel Treatment
Hector Garde Garcia, Spain

UP.194
Efficacy of Physical Therapy in the Treatment of Female Pelvic Pain
Larry T. Sirls, United States

UP.195
Comparison of Laboratory Diagnostic of Urogenital Trichomoniasis in Patients with Benign Prostatic Hyperplasia Complication of Acute Urinary Retention
Pavlo Samchuk, Ukraine

UP.196
Analysis of the Result of Active Immunophrophylaxis against Uncomplicated Recurring Urinary Tract Infection in a Sample of 430 Patients
Cristóbal Ramírez Sevilla, Spain

UP.197
Fosfomycin Trometamol Concentrations in Central and Periferic Prostatic Tissue in Men with or Without Metabolic Abnormalities
Giovanni Tasso, Italy

UP.198
Infectious Complications Post-Transrectal Prostate Needle Biopsy: New Prophylaxis Approach
Pedro Costa, Portugal
UP.199
Malakoplakia of the Prostate as a Mimicker of Prostate Cancer on Prostate Health Index and MRI-Fusion Prostate Biopsy: A Case Report
Nathaniel Hong En Heah, Singapore

UP.200
A Very Unusual Case of Renal Hydatid Cyst Presented as Post Labour Hydatiduria
Pratikkumar Shah, India

UP.201
Non-Antibacterial Therapy for Chronic Prostatitis Category 3-a
Ekaterina Kulchavenya, Russia

UP.202
Laparoscopic Urachal Resection and Novel Umbilicoplasty Using Dermal Regenerative Grafts for Urachal Abscesses
Mahito Atsuta, Japan

UP.203
Is There a Role of Functional Imaging after Endoscopic Sclerotherapy in Chyluria Patients? A Prospective Study Using DMSA Renal Scan
Apul Goel, India

UP.204
Fournier’s Gangrene: Academic Hospital Experience in West Java Province, Indonesia
Marsella Tania, Indonesia

UP.205
Difficult Diagnosis of Epididymitis Orchitis Clinical Form: Idiopathic Xanthogranulomatous Epididymitis Orchitis (About 7 Cases)
Nouri Rebai, Tunisia

UP.206
Antibiotic Resistance for Pseudomonas Infections from Culture Positive Urinary Specimens from a University Hospital
Stephanie Cheng, United Kingdom

UP.207
A Cross-Sectional Study Focusing on the Occurrence of Clostridium Difficile Infections in Post-Cystectomy Patients
Chidi Molokwu, United Kingdom

UP.208
Risk Factors for Recurrent Febrile Urinary Tract Infection in Urinary Stone Patients with Acute Obstructive Pyelonephritis within 1 Year
Sin Woo Lee, South Korea
A Simple but Highly Effective Sample Preparation Method for DNA Extraction from Mycobacterium Tuberculosis and Its Application to the Molecular Diagnosis of Urinary Tuberculosis
Min Cao, China

Polymorphisms in Aryl Hydrocarbon Receptor Gene Are Associated with Idiopathic Male Factor Infertility
Mohammad Reza Safarinejad, Iran

The Effects of Opiate Consumption on Serum Reproductive Hormone Levels, Sperm Parameters, Seminal Plasma Antioxidant Capacity and Sperm DNA Integrity
Mohammad Reza Safarinejad, Iran

Evaluation of Immediate and Late Effects of Chronic Stress on Testes of Prepubertal and Adult Rats
