Adrenals

SP-01.01

A 16 Year Review of Management of Incidental Adrenal Masses: Should We Remove Based on Size Alone?

Melissa Gabriel, United Kingdom

SP-01.02

Laparoscopic Adrenalectomy for Malignant Tumors: A Retrospective Analysis of Kyushu University Hospital

Keisuke Monji, Japan

SP-01.03

Laparoscopic Adrenalectomy: Outcomes of Enhanced Recovery Pathways at our Regional Cancer Centre
Flora Langman, United Kingdom

Basic Science - Benign Diseases

SP-02.01

Comparative Analysis of Gut Microbiome Composition Between Men with Peyronie's Disease and a Matched Cohort: Is there a Difference?

Mohamad Osman, United States

SP-02.02

Congenital Malformations of the Genito-Urinary Tract Associated to Isodicentric Yq Chromosome

Nouha Bouayed Abdelmoula, Tunisia

SP-02.05

Nerve Growth Factor Precursor (proNGF) Exerts Different Biological Actions on Urothelial and Smooth Muscle Cells of Rodents Bladders

Abubakr Mossa, Canada

Bladder Cancer

SP-03.03

Global BCG Shortage Affects Bladder Cancer Treatment
Michael Harvey, Australia

SP-03.04

Investigating the Association between the Urinary Microbiome and Bladder Cancer: An Exploratory Study
Umar Iqbal, United States

SP-03.08

Optimizing Sequence of Therapy and Radiation Delivery When Combined with PD-L1 Immune-Checkpoint Inhibition in Bladder Cancer
Côme Tholomier, Canada

SP-03.10

Review of Bacillus Calmette-Guerin (BCG) Tolerability and Complications of Intravesical Therapy for Non-Muscle Invasive Bladder Cancer (NMIBC) Over a 4 Year Period
Venetia Hoe, Australia

SP-03.13

The Role of Peripheric Inflammatory Markers in the Prognosis of Non-Muscle Invasive Bladder Cancer
Roberto Martínez, Spain

SP-03.15

Anaerobic Threshold Correlated to Length of Hospital Stay and Complication Rate for Radical Cystectomy Patients
Mriganka Mani Sinha, United Kingdom

SP-03.16

Assessing the Safety of Follow-Up After Induction BCG Using Urine Cytology and Flexible Cystoscopy
Lisa Bibby, United Kingdom

SP-03.17

Comparing Costs of Radical Versus Partial Cystectomy for Patients Diagnosed with Localized Muscle-Invasive Bladder Cancer: Understanding the Value of Surgical Care
Aditya Srinivasan, United States

SP-03.19

Comparison Low Pressure to Standard Pressure Robotic Assisted Radical Cystectomy: A Pilot study
Vishwanath Hanchanale, United Kingdom

SP-03.20

Comparison of Open Radical Cystectomy versus Robotic assisted Radical Cystectomy: Our experience at Tertiary Care Centre
Avinash Ranganagouda Odugoudar, United Kingdom

SP-03.21

Complete Urinary Tract Exenteration (CUTE) for Invasive Bladder Urothelial Carcinoma in ESRD Patient on Hemodialysis
Magdy El-Bahnasawy, Saudi Arabia

SP-03.23

COVID-19 and Bladder Cancer: Are Social and Clinical Restrictions Presenting Barriers to Patients Requiring Transurethral Resection of Bladder Tumour (TURBT)?
Dominic Bagguley, Australia

SP-03.24

Diagnostic and Surveillance Cystoscopy for Bladder Cancer – Pushing Boundaries During COVID-19
Dominic Bagguley, Australia

SP-03.26

Enhanced Recovery After Surgery for Robotic-Assisted Laparoscopic Radical Cystectomy: A Single-Center Experience
Fu Ho Victor Cheung, Hong Kong

SP-03.27

Geographic Distribution of Racial Differences in Bladder Cancer Mortality in the United States: A Nationwide Population-Based Study
Ariza Martinez, United States

SP-03.28

Immunotherapy in Advanced Urothelial Cancer: Initial Experience
Lorena García García, Spain

SP-03.29

Is Re-Resection TUR Always Needed in the Management of Patients with High-Risk Non-Muscle-Invasive Bladder Cancer (TaG3/T1 with or without CIS) Treated with Bacillus Calmette-Guerin?
Kenneth Hiew, United Kingdom

SP-03.32

Oncological Outcomes of Contemporary Series of Robot-Assisted versus Open Radical Cystectomy at 10 Years Follow up
Muhammad Waqar, United Kingdom

SP-03.33

Oncological, Sexual, and Urinary Outcomes of Organ-Sparing Cystectomy versus Standard Radical Cystectomy: A Systematic Review and Meta-Analysis
Raghav Shaunak, United Kingdom

SP-03.34

Osmotic Cytolytic Effects of Water on Cell Counts - Implication for Clinical Use of Water Irrigation to Reduce NMIBC Recurrence
Ruchira Nandurkar, Australia

SP-03.35

Outpatient Transurethral Laser Ablation for Urothelial Cancer – A Safe Alternative to TURBT in the Era of COVID-19
James Aljoe, United Kingdom

SP-03.36

Perioperative and Oncologic Outcomes of Robot-Assisted Radical Cystectomy in North American versus European Institutes Utilizing the International Robotic Cystectomy Consortium
Umar Iqbal, United States

SP-03.39

Prostate Specific Membrane Antigen (PSMA) in Urothelial Cell Carcinoma (UCC): A Systematic Review of the Literature
Arsalan Tariq, Australia

SP-03.40

Proximity to Oil Refineries and Risk of Bladder Cancer: A Population-Based Analysis
Aditya Srinivasan, United States

SP-03.41

Radical Cystectomies – Too Many Doing Too Few Reflects in Length of Stay
Nuno Dias, Portugal

SP-03.42

Radical Cystectomy in Elderly Patients: Postoperative Complications and Oncological Outcomes
Alberto del Cristo Artilles Medina, Spain

SP-03.43

Relapse Rates, Patterns, and Survival After Robot-Assisted Radical: Results from the International Robotic Cystectomy Consortium
Umar Iqbal, United States

SP-03.44

Robotic Cystectomy Histopathology Outcomes in Patients Who Have ‘Failed’ BCG
Edward Hart, United Kingdom

SP-03.45

Role of the Preoperative Magnetic Resonance Imaging in Classifying Non-Muscle and Muscle Invasive Bladder Cancer
Teak Jun Shin, South Korea

SP-03.48

Trends of Neobladder Formation in Australia
Elena Galiabovitch, Australia

SP-03.49

Urine Cytology: Why Don't Requesting Clinicians Follow Guidelines?
Jake Tempo, Australia

SP-03.51

Variants of Urothelial Bladder Cancer. A New Indication for Early Cystectomy?
Begoña Ballesta Martínez, Spain

BPO/LUTS

SP-04.01

A Novel Method for GreenLight™ MoXy® Laser Fiber Irrigation System to Improve Performance and Durability: A New Standard of Care?
Kyle W. Law, Canada

SP-04.02

A Pilot Study to Assess Efficacy and Safety of Methoxyflurane for Pain Control During Convective Thermal Therapy Using Rezūm System in System in Benign Prostatic Hyperplasia (BPH)
Dean Elterman, Canada

SP-04.03

A Prospective Study on Safety and Efficacy of Minirin Melt in Elderly Chinese Patients with Nocturia
Yiu Chung Lam, Hong Kong

SP-04.04

A Retrospective Comparison of 1470 nm Diode Laser Enucleation and Bipolar Transurethral Resection of the Prostate for the Treatment of Benign Prostatic Hyperplasia
Sina Hassan Beygi Monfared, United States

SP-04.05

An Assessment of the Impact of Bipolar Technology on Transurethral Resection of the Prostate (TURP) Outcomes: Results of Indirect Comparisons from a Cochrane Review
Cameron E. Alexander, United Kingdom

SP-04.06

Analysis of Present Status for Surgery of Benign Prostatic Hyperplasia in Korea Using Nationwide Healthcare System Data
Byeong Jo Jeon, South Korea

SP-04.08

Assessing the Learning Curve of Robotic Aquablation of the Prostate: Surgical Outcomes from Two International Centers
Albert El Hajj, Lebanon

SP-04.09

B3 Agonists or Anticholinergics in the Treatment of the Lower Urinary Tract Symptoms in Patients with Multiple Sclerosis: A Randomized Study
Ioannis Glykas, Greece

SP-04.10

Changing Trends in Patient Profile and Outcomes of Transurethral Resection of Prostate: Single Center Experience of Transition from Monopolar to Bipolar Transurethral Resection of Prostate
Swaroop Subbaraya, India

SP-04.11

Clinical Management Issues and Causes of Death in Patients Dying After Endoscopic Prostate Surgery
Elena Galiabovitch, Australia

SP-04.12

Comparison of HoLEP Techniques
Branimir Penev, United Kingdom

SP-04.13

Economic Evaluation of 1470 nm Diode Laser Enucleation vs. Bipolar Transurethral Resection of the Prostate
Annaliese Ionson, United States

SP-04.14

En Bloc versus Incisional Technique for Holmium Laser Enucleation of Prostate (HoLEP): A Comparison of Operative Efficiency
Kamran Bhopal, United Kingdom

SP-04.15

Evolving Practices in the Treatment of Refractory Overactive Bladder
Aoife McVey, Australia

SP-04.16

Foreplay Incontinence, Climacturia, and Stress Incontinence Treated with Mini-Jupette Slings
Edward Choi, United States

SP-04.17

Global GreenLight Group: Largest International GreenLight Experience for Benign Prostatic Hyperplasia
Kyle W. Law, Canada

SP-04.19

Holmium Laser Enucleation of the Prostate (HoLEP): A Pilot Study of Three-Lobe versus En Bloc Enucleation
Elshadaie Solomon, United Kingdom

SP-04.21

Impact of Transurethral Resection of the Prostate (TURP) Technology on Post-Operative Urethral Stricture Outcomes: Extended Analysis from a Cochrane Review
Cameron E Alexander, United Kingdom

SP-04.22

Largest Canadian Cohort of Rezūm Therapy for Large Volume Benign Prostatic Hyperplasia (BPH)
Dean Elterman, Canada

SP-04.24

Mirabegron vs. Placebo Add-On Therapy in Men with Overactive Bladder Symptoms Receiving Tamsulosin for Underlying Benign Prostatic Hyperplasia: A Safety Analysis from the Plus Study
Sender Herschorn, Canada

SP-04.27

Perioperative Outcome after Robotic-Assisted Simple Prostatectomy on Lower Urinary Tract Symptoms of Prostatic Origin
Che Hsueh Yang, Taiwan

SP-04.28

Photoselective Vaporization of the Prostate with Green Light XPS 180-Watt Laser for Men with Benign Prostatic Hyperplasia: A Case Series from 2015 to 2019
Mario Gonzalez, Costa Rica

SP-04.30

Relationship between Serum Dihydrotestosterone and Benign Prostatic Obstruction
Khalifa Abdulsalam, Nigeria

SP-04.31

Review of Bladder Outflow Obstruction Treatment (ReBOOT) in the Context of Novel Procedures and New Antiplatelet and Anticoagulant Therapy.
Lisa Bibby, United Kingdom

SP-04.32

The Contino® Urethral Insert in the Treatment of Male Stress Urinary Incontinence
Dean Elterman, Canada

SP-04.33

The Effect of Intravesical Prostatic Protrusion on Urinary Outflow Obstruction
Hira Bumbia, Pakistan

SP-04.36

The Impact of Diet, Fluid Intake, Caffeine, Alcohol and Tobacco on Lower Urinary Tract Symptoms
Alaa Ali, Iraq

SP-04.37

The Safe Implementation of Early Removal of the Catheter Post-Bipolar TURP: Experience of a Multi-Centre District General Hospital in the United Kingdom
Angus Bruce, United Kingdom

SP-04.38

Transfusion Rates with Focal Bladder Neck Cautey Following Aquablation
Dean Elterman, Canada

SP-04.39

Transition from Day Theatre to Ambulatory Setting for Prostatic Urethral Lift in Fife, UK
Petros Tsafarakidis, United Kingdom

SP-04.40

TURP Post UroLift: Symptomatic Management or Inevitable Re-intervention?
Sachin Perera, Australia

SP-04.41

Urodynamic Findings in Men with Persistent Lower Urinary Tract Symptoms Post Transurethral Prostate Surgery
Aoife McVey, Australia

SP-04.42

VALOUR: Evaluation of a Novel Visual Analogue Uroflowmetry Score (VAUS) to Support Shared Decision-Making for Men with Lower Urinary Tract Symptoms and their Primary Care Physicians
Shu Hui Neo, Singapore

Female Urology

SP-05.01

Analysis of Prescribing Trends in Female Overactive Bladder based on a Large-scale Claims Database in Japan
Sachiko Kasamo, Japan

SP-05.02

Clinical and Videourodynamic Study Characteristics in Female Primary Bladder Neck Obstruction and Outcomes of Bladder Neck Resection
Sidhartha Kalra, India

SP-05.03

Female Urethral Stricture Disease: Consider a More Modern Approach
Zulfadhly Murtadha Afiq Zainal Bahren, New Zealand

SP-05.04

Is It Safe and Effective to Perform Dorsal Onlay Buccal Mucosal Graft Urethroplasty for Either Intrinsic or Extrinsic Recalcitrant Female Bladder Outlet Obstruction?
Alvaro Saavedra, Chile

SP-05.05

Onabotulinumtoxin A Injection to the External Urethral Sphincter for Voiding Dysfunction in Females: A Tertiary Centre Experience
Mehwash Nadeem, United Kingdom

SP-05.06

Pelvic Floor Electrical Stimulation as a Treatment for Stress Urinary Incontinence: Is It Effective?
Emny Rochell Bobadilla Romero, Spain

SP-05.07

Prospective Data as a Weapon against the Extinction of Mid-Urethral Slings (MUS): A Single-Center Pilot Study
Kristel Ferong, Belgium

SP-05.08

Radiological Characterization of Synthetic Mesh in Female Urological Procedures: A Review of the Literature
Ariza Martinez, United States

SP-05.09

Real-Life Outcomes after Artificial Urinary Sphincter Explantation in Women Suffering from Severe Stress Incontinence.
Thibault Tricard, France

SP-05.10

Rectocele and Voiding Dysfunction: Experiences in Urology
Romy Mondschein, Australia

SP-05.13

Stimulation Alone Versus Stimulation Associated with Perineal Reeducation for the Treatment of Idiopathic Overactive Bladder in Menopausal Women
Skander Zouari, Tunisia

SP-05.14

Surgical Management of Youssef's Syndrome: A Case Report and Literature Review
Redha Kettache, Algeria

SP-05.15

Surgical Outcomes in Female Urethral Diverticulum
Andrew McAdam, United Kingdom

SP-05.16

The Role of CT-Guided Pudendal Nerve Block in the Pudendal Neuralgia (PN) Diagnosis
Alberto del Cristo Artiles Medina, Spain

SP-23.02

Climacturia and Timing of Incontinence Recovery Post-Radical Prostatectomy
Edward Choi, United States

SP-23.03

Efficacy of Fesoterodine Fumarate in Neurogenic Detrusor Overactivity (NDO) Due to Spinal Cord Lesion (SCL) or Multiple Sclerosis (MS) – A Prospective Study
Charalampos Konstantinidis, Greece

SP-23.04

Evaluation of Detrusor Overactivity Indicators: A Single Center Experience from 2015-2020
Ario Baskoro, Indonesia

SP-23.05

Inflammatory Cytokines/Chemokines and Bacterial Loads Correlate with Voiding Behaviors in a Murine Urinary Tract Infection Model
Kejia Zhu, China

SP-23.07

Overactive Bladder Syndrome is Associated with Elevated Urinary proNGF to NGF Ratio in an Aging Female Population
Abubakr Mossa, Canada

SP-23.08

Potential Predicting Factors of Detrusor Underactivity: A Single Centre Experience From 2015-2020
Soefiannagoya Soedarman, Indonesia

SP-23.09

The Inpatient 'Trial of Void', Current Literature and Ways Towards Improvement: A Systematic Review
Vaisnavi Thirugnanasundralingam, Australia

SP-23.10

Third Sacral Foramen Lead Implantation Analysis for Sacral Neuromodulation in Chinese Population
Hai Huang, China

SP-23.11

Would Botulinum Toxin a Detrusor Injections Decrease the Incidence of Symptomatic Urinary Tract Infections in Patients with Neurogenic Detrusor Overactivity?
Mai Banakhar, Saudi Arabia
