Q & A

1000-1015

Complications of R.I.R.S

Saeed Bin Hamri (Saudi Arabia)

1015-1030

Discussion & Take-Home Messages

Wissam Kamal (Saudi Arabia)

This session will focus on endourological procedures (PCNL and RIRS) in terms of instrumentation, technique and tips and tricks.

At the end of this session, attendees will be able to:

- Assess indications of each technique (PCNL and RIRS)
- Compare instrumentation for each technique (disposable vs. reusable equipment)
- Recognize the basics of endoscope manipulation and laser applications
- Understand the principles of management of endourological complications

Pre-registration is required for this session
