

Saturday, October 17  
1300-1600

**Residents' Forum**

**1300—1305**

**Introduction by Co-Chairs**

**1305—1340**

**Group 1 Abstract Presentations**

**RF-01.01**

Comparison Robotic-Assisted Laparoscopic Partial Nephrectomy and Laparoscopic Partial Nephrectomy Surgical Outcome: A Single Surgeon Experience  
Yung-Yao Ho, Taiwan

**RF-01.02**

Total Endoscopic Nephroureterectomy with Bladder Cuff Excision for Native Kidney Ipsilateral to Transplanted Kidney in China  
Hai Bi, China

**RF-01.03**

Robot-Assisted versus Laparoscopic Nephroureterectomy with Bladder Cuff Excision for Upper-Tract Urothelial Cancer: Surgical Outcome in 3-year Experience of Single Surgeon  
Sheng-Wei Lee, Taiwan

**RF-01.04**

Laparoscopy Training at Home  
Antonio Guijarro, Spain

**RF-01.05**

Contemporary Series of Minimally Invasive Pyeloplasty in Children  
Akbar Ashrafi, Australia

**RF-01.06**

Transmesocolic Pyeloplasty for Left Side Pelvi-Ureteric Junction Stenosis: A Pioneer Initial Experience in Nepal  
Robin Joshi, Nepal

**RF-01.07**

Transperitoneal versus Retroperitoneal Laparoscopic Simple Nephrectomy: A Preliminary Study  
Rosadi Putra, Indonesia

**RF-01.08**

Outcome of Urogenital Tract Fistula at Jinnah Post Graduate Medical Centre (JPMC), Karachi, Pakistan  
Naresh Valecha, Pakistan

**1340—1355**

**Discussion / Questions**

**1355—1405**

**Break**

**1405—1440**

**Group 2 Abstract Presentations**

**RF-02.01**

Does Increasing Prostate Volume Impair the Detectability of Cancer Using MRI-Transperineal US Fusion Biopsy?  
Ivan Hoh, Australia

**RF-02.02**

Fusion MIM-Transperineal Fusion Biopsy Has the Greatest Impact in the Biopsy Naive Population  
Ivan Hoh, Australia

**RF-02.03**

MRI Fusion Biopsy: A Single Institution's Initial Experience  
Wei Phin Tan, USA

**RF-02.04**

Location and Quality of Positive Surgical Margins in Patients Submitted to Endoscopic Radical Prostatectomy  
Preceded by 3T Multiparametric MRI  
Sebastian Piotrowicz, Poland

**RF-02.05**

Periprostatic Fat Density: A Risk Factor for Prostate Cancer?  
Wei Phin Tan, USA

**RF-02.06**

Laparoscopic Radical Prostatectomy: Continence and Oncological Outcomes in 268 Cases  
Sanchia Goonewardene, UK

**RF-02.07**

Assessment of Health Related Quality of Life (HRQOL) in Patients Submitted to Extraperitoneal Endoscopic Radical  
Prostatectomy (EERP) and Transperitoneal Endoscopic Radical Prostatectomy (TERP) with Extended Pelvic Lymph  
Node Dissection  
Sebastian Piotrowicz, Poland

**1440—1455**

**Discussion / Questions**

**1455—1505**

**Break**

**1505—1540**

**Group 3 Abstract Presentations**

**RF-03.01**

Type 2 Diabetes Mellitus and Renal Stones  
Ranjeet Patil, India

**RF-03.03**

Percutaneous Nephrolithotomy in an Ambulatory Setting  
Belthangady Monu Zeeshan Hameed, India

**RF-03.04**

Analysis of Alternative Signaling Pathway in Clear-Cell Renal Cell Carcinoma: First Announcement  
Jakub Klacz, Poland

**RF-03.05**

Anaemia Is More Common in Patients Who Have CKD after Nephrectomy and May Contribute to Increased Cardiovascular Morbidity  
Sandra Elmer, Australia

**RF-03.06**

Renal Cell Carcinoma with IVC Thrombus: Our Experience  
Ranjeet Patil, India

**RF-03.07**

Urological Complications in Kidney Transplantation  
Gina Reichman, Belgium

**1540—1555**

**Discussion / Questions**

**1555—1600**

**Conclusion by Co-Chairs**
